

# Black Forest Inn

## **What are the Germans known for?**

Hearty sausages, good beer, and long operas for starters. What is often forgotten is that the Germans make world-class wine. Starting July 23, the award-winning restaurant Black Forest Inn will bring a longstanding German tradition to the Twin Cities: the midsummer Weinfest.

Wine will be featured in menu specials, in samplers and flights and for its health benefits! The Black Forest Inn is partnering with the Minneapolis Heart Institute Foundation to promote heart health. The Black Forest Inn will donate 20% of all wine sales throughout Weinfest to the Minneapolis Heart Institute Foundation, and 50% of the wine sales on Saturday, July 25.

Delicious handmade specials will include Frog Legs, Riesling Watermelon Gazpacho, Zwiebelkuchen, Smoked Trout Crepes, and Plum Tart. Call 612-872-0812 or visit our website [www.blackforestinnmpls.com](http://www.blackforestinnmpls.com) for more information and the complete menu.
